The Kentucky Transportation Cabinet has scheduled a Public Information meeting to discuss a study of the need for, and possible location of, a new limited access highway (I-66) from I-24 in Marshall or McCracken County in Kentucky to Missouri. The purpose of this meeting is to define possible corridor alternatives within the study area, and solicit ideas and opinions that will help the Cabinet make decisions about the study. Anyone having an interest in this planning study is urged to attend this meeting.

The public meeting will have an open exhibit area where officials will be prepared to answer questions and/or receive public input. The exhibits will outline the project area and describe several alternative locations for this project.

The exhibits will also be available for viewing from 7:00 a.m. to 3:30 p.m. CDT for fifteen (15) days after the meeting at the Kentucky Department of Highways District 1 Office at 5501 Kentucky Dam Road in Paducah, Ky.

Both written and oral statements will be accepted at the meeting. A recorder will be made available for those who desire to make oral statements and a comment sheet will be distributed to make it more convenient to provide written comments. Written statements will be accepted at the meeting and for a period of fifteen (15) days after the Public Information meeting. Written statements should be addressed to Annette Coffey, P.E., Director, Division of Planning, 125 Holmes Street, Frankfort, Kentucky 40622, or returned using the postage-paid comment sheet. All recorded and written statements will become part of the official record. Once compiled, the summary of this meeting and other supporting documentation will be made available for review and copying only after an Open Records Request has been received and approved. All Open Records requests must be submitted to the Transportation Cabinet, Department of Administrative Services, State Office Building, Frankfort, Kentucky 40622.
